Tetra® Gun Care Introduces Carbon Cleaner Products

FLORHAM PARK, NJ, December 7, 2015 -- FTI, Inc., a pioneer in advanced lubrication and cleaning technology, introduces Tetra® Gun Carbon Cleaner solution, which will be available in different package types, including: jars for both small parts cleaning- and pre-saturated cotton patches; bottled product; and a foaming bore cleaner aerosol.

Tetra® Gun Carbon Cleaner was specially formulated to eliminate carbon buildup from metal surfaces on firearms, including Modern Sporting Rifles (MSRs). Ammonia-free

8 Vreeland Road • PO Box 955 • Florham Park, NJ 07932-0955
Tel 973-443-0004 Fax 973-443-0263 • www.tetraguncare.com

Carbon Cleaner lifts carbon fouling residue from surfaces so that gun metal is properly primed for bore conditioning with Tetra® Gun Grease and Tetra® Gun Lubricant.

"We are pleased to offer these additions to our comprehensive firearms maintenance portfolio," explains Greg Cohen, GM, FTI, Inc. / Tetra® Gun care. "These are useful niche products that firearms enthusiasts will appreciate."

Tetra® Gun Carbon Cleaner is a water-based solution that is generally harmless to non-metal parts, including wood, rubber, polymer and composite materials. The product is also non-flammable, and biodegradable.

Tetra® Gun Carbon Cleaner products will be available in different package-types, and retail for \$9.99 or less.

For more information on Carbon Cleaner and the full line of Tetra® Gun care products, or to find your nearest dealer, visit www.tetraguncare.com.
