Press Release

## **New Highline™ Boots from Grub's**

Are you looking for a comfortable, warm and hardwearing boot that will add a bit of style to your life this winter? Look no further, the new Highline boots from Grub's.

The new Highline boots are designed with a traditional profile to look the part this season, whilst offering superior comfort, grip and stability. Whether at the stables, in a farm yard or walking the dog, the Highline boots are ideal.

The boots feature a full stretch neoprene panel in the shaft and securing strap, giving a comfortable fit for most calf sizes.

The 4mm rubber foot with reinforced heels and Underfoot Chassis™ give class-leading stability while the Trak™ sole gives powerful traction on soft ground. These boots are durable, designed to last and provide superior grip.

The Highline boots also offer the latest high specification including a Super-Dri™ lining for breathable fit and an insulating and cushioning foot-bed for supreme comfort.

Highline are available in a choice of two colours - Sage Green or Mahogany in sizes 3-14.

For more information contact Grub's on 01279 418052 or visit [www.grubsboot.com](http://www.grubsboot.com)
