

NEWS

The new Italyco slx Theme 2 is the Sporting model recently added to the Italyco slx line of prestigious side-plated “round body” over and under shotguns – true and fine examples of the Italian gun making excellence in the world! The full coverage engraving cut by hand and signed by the artist features wide movements of floral scrolls that frame and enhance the beautiful Fausti Family Crest. Like every other fine firearm built by Fausti, the Italyco slx Theme 2 can be custom made to accommodate the specific needs of every hunter and shooter. It comes with the patented “Four Locks” system that tells its reliability apart from any other gun of the same category sold on the market today.
