MAGNUM PRESENTS THE LATEST LIGHTWEIGHT TACTICAL BOOTS AT IWA

GREAT NEW PRODUCTS IDEAL FOR CROSS-TERRAIN ENVIRONMENTS

AMSTERDAM, December 21 2015

Magnum is proud to announce two new hero products - the Spartan XTB and Lynx 8.0 Side Zip - to be on display at IWA, 4-7 March 2016 in Nuremberg.

Magnum will be present in Hall 9 Stand 325, showcasing our latest range with an emphasis on lightweight materials and ultimate underfoot comfort. These boots are made for outdoor pursuits with agile materials and high traction outsoles for grip and durability.

Spartan XTB Coyote

Named after the warriors of Sparta, the greatest warriors of all time, the Spartan XTB is ready to take on any challenge.

The cross-terrain boot is comfortable in both urban and jungle environments.

- Durable suede upper with hardwearing breathable polyester panels
- Fast wicking lining for moisture management and comfort
- Durable rustproof hardware
- RECOIL insole for maximum comfort and shock absorption
- 360 degrees stitched Vibram® outsole to prevent delamination in hot and humid conditions

Lynx 8.0 Desert side zip

This boot is ideal for desert combat situations. This lightweight 8.0 boot feels like wearing a sneaker but provides the support and durability required for a uniform boot.

- Durable suede upper with hardwearing breathable polyester panels
- Padded collar for added comfort
- Durable rustproof hardware
- Non-metallic shank and EVA midsole for underfoot comfort and support
- High traction outsole designed for maximum grip

- Weight: 616 gr (foot size 42)
- This boot is tested and certified to EN ISO 20347:2012 OB E FO SRA for occupational footwear.

Visit us at IWA, 4-17 March, Hall 9 Stand 325, to see the full range.

Notes to Editors

Since 1982, Magnum has been providing high-performance tactical and service product with credibility second to none. It is the mission of Magnum to be the best in class by delivering unsurpassed product designed for its end user. Distributed in over 100 countries, Magnum attacks the marketplace with unmatched comfort, technology and value in uniform footwear and apparel used by law enforcement, military, fire/rescue, emergency medical, and service agencies around the world.
