We make the greatest firearm parts in the world

WITH A STRONG FOCUS ON CLIENT SATISFACTION AND A RELENTLESS DEDICATION TO INNOVATION

For over 20 years, Dasan has strived for one thing and one thing only: to make the **best firearms parts in the world.**

Our uncompromising commitment to quality and precision has built a stellar reputation in the industry as the top tier vendor for many of the greatest firearms companies in the world.

In addition to providing the best quality components, we work closely with our clients to reduce cost and meet delivery schedules.

From concept, prototyping, to manufacturing, we are a **one stop shop** for all your manufacturing needs. We manufacture our own tooling and machinery and we work with castings, billet, forgings and extrusions. Our state-of-the-art facilities are constantly improving and automated to increase quality and bolster efficiency.

In the ever increasingly competitive firearms market, having a global partner like Dasan will help you gain the advantage and maximize your profitability.

We look forward to hearing about your next project and assisting in any way that we can.
