SUNBLESA

Patent practical light
and smart accesories

Catalogue 2017-2018

Let the light with you
anywhere and any time!

Sunblesa story

It all started back in 2010,Mr.Gavin started international trading business. Knowing many foreign customers and selling many products. But he found the whole market are fighting the price. Can not control quality and patent problem

In 2015, Mr.Gavin registered "Sunblesa" brand. He wanted to make real quality products for the people. In 2 years' time,he thought over this question day and night. Finally, he decide to make portable light. Let the light with the people anywhere anytime. Each year will push one new. In 2017,the Sunblesa was born.

6 patents are being applied in 2017.We design and produce innovative, new technological light that make the user's life safer, easier and more enjoyable.
