Rifle Manufacturer

C SERIES RIFLES

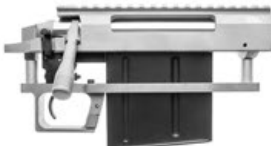

- Three action sizes available
- Full length STANAG 4694 action rail
- No tools needed for field maintenance and disassembly
- Enables several different configurations (Modular model only)
- Replaceable stock, fore-end and grip with backstrips (Modular model only)

- Low opening angle for bolt handle eliminates interference on operation with large optics
- 3-lug 60-degree bolt throw for fast and reliable operation
- Low scope base improves ergonomics in scope installation height

C SERIES ACTIONS

High strength	One-piece solid steel receiver with STANAG 4694 rail and recoil lug
Fast striker	Lock time as low as 1,7 milliseconds for improved accuracy
Low scope base	More flexibility on installation height of optics
Reliable ejection	M16 style extractor with double plunger ejection
Easy maintenance	Bolt removal & disassembly within seconds from bolt closed position
Easy stock inletting	Flat receiver bottom provides easy stock inletting and precise bedding
