

National Air Cargo is an international logistics service provider. Our portfolio is besides air- and sea freight also charter business and emergency logistics. We are specialized in transportations into crisis areas. On a regular base, we serve destinations like Afghanistan, Iraq or Mali. And not only general cargo, but mostly dangerous goods, temperature controlled shipments or various vehicles. With our airline, the National Airlines we operate an organic fleet of Boeing 757-200 passenger aircrafts as well as Boeing 747-400 freighters. Additional aircraft are available from our partners to meet your needs including the most commonly utilized Ilyushin IL-76s and Antonov AN-124s.
