

## **XTAR Company Introduction**

XTAR has experienced R&D department and self-contained factory, so we are also capable of providing OEM/ODM services to clients with special requirements.

XTAR has established a long-term relationship with distributors, purchasers, and manufacturers from various industries like e-cigarette, diving and outdoor sports, tactical operations, law enforcements, medical and industrial equipment, etc.

With our high standards of quality control, XTAR products have achieved all major global certifications such as CE and RoHS. The XTAR R&D department has obtained over 30 patents.

### **Focus**

XTAR has been focusing on the research and development of batteries, chargers and flashlights for over 10 years. Such concentration comes from our unchanged passion and professional attitude. We pay great attention to every detail, because we believe every detail changes people's lives.

### **Reliability**

XTAR provides reliable products and dependable services. Your safety and convenience are our major priorities. People in XTAR dedicate themselves to taking social responsibility in environmental protection and improving the quality of people's lives.

### **Innovation**

Innovation is the attitude to make things better by continuously improving details. XTAR strives for innovative products featuring high technical additional value, innovative service for seamless communication, innovative management for employee self-development.
