

# Gerber Center-Drive Multi-tool

Talk is cheap. A lab can only simulate so much. The real world is the truest measure of success, or failure. From the job site to the garage, see how the Center-Drive is helping real people triumph over daily challenges they face

Gerber's new multi-tool offers uncompromising performance through revolutionary design. The innovative center-axis driver opens to align like a real screw driver, yielding maximum torque and rotation. No productivity is sacrificed with the addition of a 30% longer outboard blade and one-thumb opening sliding jaws. Full size, real tools - the multi-tool just got a reality check.

THE MULTI-TOOL JUST GOT A REALITY CHECK.
