

Security products of all kind

For more than 25 years, **kh-security** has been developing and distributing **safety** and **self-protection** products. The wholesale company has the German distribution for well-known brands of the civilian market: **TW 1000/Germany, Piexon/Switzerland, ESP/Czech Republic.**

Currently, in addition to pepperspray, there is also a great demand for stun guns for self-protection. The company located in Hessen, offers all models with the necessary PTB labeling, that are approved for sale in Germany.

Numerous products of **house security items** (like burglar/anti-theft protection) complete the kh-security range.
