

### **Three New US Made Headlamps Round Out Princeton Tec Tactical Line**

Ultra-lightweight Byte Tactical, button free multimode Sync Tactical and versatile helmet mounted Vizz Tactical MPLS featuring programmable specialty colors and IR appeal to a wide variety of users

#### **Byte Tactical**

The Byte Tactical is a lightweight (2.25 oz) and compact 100 lumen headlamp that offers four modes: white high spot and low spot, as well as red high and low to avoid compromising night vision. The Byte Tactical is equipped with a digital battery lockout, sturdy arm bracket that allows the light to rotate and hold position, an easily accessible battery door enclosure and a large push button. Two AAA alkaline batteries will power the Byte Tactical for a max burn time of 58 hours and is available in black and tan colorways.

*MSRP \$24.99 – Available Now*

#### **Sync Tactical**

The Sync Tactical focuses on ease of use. Users run through five modes with a large twist dial located on the side of the headlamp easy to use with thick gloves or chilled fingers. The Sync is built on the Princeton Tec's proven stable asymmetrical single arm bracket foundation. The Sync Tactical is 150 lumens and offers a red mode as well as white low and high flood, high spot and dual beam modes. Three AAA alkaline batteries power the Sync Tactical for a max burn time of 144 hours and is available in Multicam and black.

*MSRP \$29.99 – Available Spring 2018*

## Vizz Tactical MPLS

The 420 lumen Vizz Tactical MPLS offers 4 specialty LED colors: red, blue, green and IR in addition to a powerful and dimmable white mode. Users can customize the order that the specialty colors turn on it based on their needs and preferences using the same large push button at the top of the headlamp that they use to cycle through modes. As with all headlamps in the MPLS series, the Vizz Tactical MPLS comes with an NVG adapter plate for helmets, as well as a bracket for MOLLE and standard nylon head strap. The Vizz Tactical MPLS is waterproof (IPX7) and runs at a max burn time of 125 hours on three AAA alkaline batteries. It is offered in Multicam and black colorways.

*MSRP \$99.99 – Available Spring 2018*
