

# AKAH

## 1853 - 2018

### **165 year anniversary of Albrecht Kind GmbH (AKAH).**

AKAH is one of the companies that have been exhibitors at the fair every year since the beginning of IWA show. AKAH was known at the IWA as the "red exhibition booth". But after more than 40 years, a exhibition stand system is reaching its age limits. Therefore, the old stand went to retirement and we present ourselves in 2018 with a completely new stand in Hall 7 Booth 7-116. The stand will be more open and with a lot of wood look - as a reference to our main branch - hunting.

At the IWA we will present our hand-sewn leather goods. You will also find at AKAH IWA novelties from our suppliers - i.a. Ruger, Browning, ELEY, Leica, Minox, Carinthia and Shooterking. Based on preliminary discussions with our customers, we look forward to the year 2018. The gunsmiths and hunting / shooting shops continue to see strong demand for high-quality equipment and ammunition for shooters.
