

# SWIZA D01 / D03 ALLBLACK

## THE SWIZA SWISS KNIFE

### ALL IN BLACK

---

SWIZA D03  
ALLBLACK

After the successful launch of the SWIZA knife collection in various models, SWIZA introduces its newest look in time, the completely black SWIZA ALLBLACK Swiss knife. A knife for all pocket knife lovers looking for something special and unique.

A fascinating new Swiss knife from SWIZA, sure to turn heads: the completely black SWIZA D01 ALLBLACK and SWIZA D03 ALLBLACK. This Swiss knife has a highly resistant, deep black high-tech PVD coating with all tools, plating and synthetic surfaces in matte black. SWIZA's famous revolutionary 360° design, robust non-slip surface and die-cut slots for all tools are naturally also integrated in this knife. The knife's slightly curved shape grants quick access to all tools, allowing it to be easily opened by both right-handed and left-handed users.

This newest development from Delémont also rests on the highest Swiss standards of quality. Like with all SWIZA models, the 75mm long, extra solid blade (with PVD coating) is made from rust-free high-end 440 steel hardened to 57 HRC on the Rockwell scale, and equipped with a secure lock. This prevents the blade from snapping shut when in use. The blade can be easily and safely folded back by pressing on the white cross of the SWIZA logo. The shell's ergonomic shape makes opening and closing tools easy and safe and allows a secure grip even with wet hands, thanks to the soft non-slip surface.

In addition, the SWIZA D01 ALLBLACK has a sommelier corkscrew with 5 twists, a punch and awl with integrated sewing eye and tweezers with diagonal tips for precise work. The SWIZA D03 ALLBLACK includes a bottle opener with flat-head No. 3 screwdriver, a wire bender and a can opener with a No. 1 flat-head screwdriver.

If heavily soiled the knife can also be washed in the dishwasher at up to 80° C. After washing, apply a drop of oil to all movable parts.

The SWIZA D01 ALLBLACK and the SWIZA D03 ALLBLACK will be available in the 7 standard SWIZA colors as the end of March 2018 at all SWIZA points of sale – these can be found at [www.swiza.com](http://www.swiza.com) – or at our SWIZA online shop, at the following prices:

SWIZA D01 ALLBLACK CHF 69.00

SWIZA D03 ALLBLACK CHF 85.00
