## East Gear starting at HONG KONG

Hong Kong, 2018 – East Gear (Int'l) Corp Limited, is a well-established Hong Kong company who specializes in tactical PPE and communication headsets. We offer customization services and aim to provide solutions for professionals in tactical missions.

### “Your Vision is Our Mission”

We truly believe that all the operators have their own vision for their every operation and our team provide a fully support to strive for the success. We provide our customers the best way of the communication available anywhere in the market today and buying decision can be made because of our information.

### Our Product

**Communication headset** is one of our major product. Two product series, EF-QC and EF-AI, are developed to achieve customer tactical communication needs and connect to multi-mask. Our headsets have passed ANSI and CE standard.

**Titanium Halligan rescue tool** is devised for police, fire and rescue operation. It made by titanium which is light weight, corrosive resistant and high tensile strength.

**First Response Casualty Kit** is designed with space and ease of use for military, law enforcement and fire user. It enables the handler deliver lifesaving treatment immediately and saver the injured person's life. This product comes with pouch only or kit version with medical gear which can be decided by your needs.

We provide high quality of product to earn the trust of our customers and everything we do which goes toward to satisfy customer expectation and build a long-term relationship with us.
