EF-LT-AI & EF-QC – Powerful Headset for Ear Protection and Communication

Hong Kong, 2018 – East Gear (Int'l) Corp Limited is pleased to present our headset, **EF-LT-AI & EF-QC**, at the SHOT show on 23-26 January 2018.

EF-LT-AI is a professional hearing protection headset with foldable headband. Ideal for shooting, hunting and tactical operations. EF-LT-AI helps protect against hazardous and nuisance noise, while allowing environmental sounds to be reproduced by the electronic circuit. The degree of protection from solid objects and liquids is IP 55 of EF-LT-AI and ANSI S3.19 -1974, S12.6-2016 and EU 352-1-8 has been passed to

fit for US and Europe market. 3.5 audio input phone on other device.

EF-QC provide the active-noise-reduction hearing which can be connected to a variety of adapters for link to different tactical communication device. It allows users to reduce noise and recreate holographic sound which suit for law enforcement and military uses. A headset includes 6 levels of sound amplification and cantilever microphone are offered to assist your operation

execution and communication.

Please stop by booth 6605 and see the East Gear demonstration and learn more about our products.
