

Accurize shooting system

## Accurize shooting system is indisputably the best shooting simulator for dry training worldwide.

Accurize shooting system consists of a target simulator, tripod, a usb charger, an app for download and various selectable target motifs. Use your own weapon without making modifications. It is set up and ready for use in a few minutes. Accurize shooting systems can be set up with different users and weapon profiles. It holds history function so that you will see the progress over time. Calibration is done by a single click, so you do not have to adjust on the weapon's sighting to get to the center point. Used in combination with our laser ammunition and the experience is like being on the shooting range. Precision at 10 meters distance is  $\pm 1$  mm. It takes seconds to change the front target on the target simulator.

Accurize shooting system gives you the confidence to take the perfect shot when it matters. Accurize laser technology lets you work out anytime, anywhere. This will help you with the training to complete the perfect shot. You can shoot an infinite number of series to perfect your proper grip, trigger control, sight alignment, and breathing techniques. It can also help you to overcome any bad habits you may have developed, such as the anticipation of recoil, all with your own weapons.

## Immediate and accurate feedback

Get your results straight up on your phone / tablet / Android or Apple. Create profiles for different users and weapon. This way, you can check your progress over time using easy-to-understand graphs.
