

## **"ORĚLEXPO" 2020 will be a milestone event in the arms industry.**

Moscow International Exhibition of arms and hunting gear "ORĚLEXPO" will be held in Moscow Gostiny Dvor on 15-18 October 2020.

The mission of this exhibition is to bring together manufacturers of civilian, hunting and sporting arms, major dealers and distributors, professionals from security and tourism sectors to exchange experience, find business partners and conclude new contracts.

Exhibition's organizers have a fundamentally new approach to organizing this event, which will correspond to all modern international standards and is sure to become one of the most significant B2B-platforms in the arms industry.

A distinctive feature of "ORĚLEXPO" 2020 is an extensive business program, including a forum, panel discussions, seminars and a large-scale press conference with the participation of leading arms and hunting experts. As part of this program, there will be held debates on press issues related to the development of the arms industry and legislative initiatives. It is also planned to conduct practical sessions, master classes and presentations of new products.

The format of the exhibition is substantially different from the classical format of such events due to large-scale use of new event technologies and interactive media resources.

The main sections of the exhibition will be devoted to civilian, sports and hunting arms, bows, crossbows, knives, self-defense goods, ammunition for hunting and sports, optics, outdoor clothing, accessories, safari and tourism.

The team of organizers of the "ORĚLEXPO" exhibition is part of a group of companies including the owner of the Atrium of Gostiny Dvor (exhibition area) LLC "Trade House Shater" and general developer of Gostiny Dvor LLC "Expo-Service". This team of organizers of the "ORĚLEXPO" exhibition for many years created and managed the previous arms and hunting exhibition in Gostiny Dvor.
