

## *Viking Footwear Hunting Highlights 2022*

Since 1920, the traditional Norwegian company Viking Footwear has stood for high-quality footwear that is specially tailored to the harsh conditions of Scandinavian nature. From rubber boots to hunting boots, the company today also offers a wide range of footwear for outdoor and everyday use, for adults and children. With a focus on sustainability and innovation, the company continues to create new products that combine function, comfort, style and cutting-edge technologies. In addition, the company puts a lot of emphasis on sustainability to do its part to preserve and protect our nature. From reusing and minimizing residual materials, optimizing sourcing, production and supply chains, using sustainable raw materials, supporting reforestation projects, to becoming a carbon-neutral company, Viking takes diverse approaches to achieve its vision.

## VIKING HUNTER hunting boot

The Viking Hunter is a classic and robust hunting boot, which is characterized by durable and abrasion-resistant leather. The full leather boot convinces with a comfortable fit and a top wearing comfort. The insole with textile cover is removable, shock-absorbing and anatomically shaped to support the arch of the foot. Thanks to Gore-Tex technology with Oeko-Tex certification 100% waterproof as well as breathable, it optimally protects the feet from wetness. The UGC sole with its excellent profile offers perfect grip even in the metatarsal area, is slip-resistant and features different rubber compounds. The wide last provides top wearing comfort.

- 100% waterproof thanks to GORE-TEX
- Durable, abrasion-resistant leather
- Perfect grip thanks to UGC® sole
- With extra inner sole
- Good hold in the shoe
- Removable inner sole
- Available in sizes EU 36 - 48
- RRP 299,95 €

## TROPHY 4.0 rubber boot

The Trophy has been awarded several times as a test winner in outdoor rubber boots, the last time in May 2019 by the Norwegian magazine Villmarksliv in May 2019. "We have tested this boot in the past. Always with excellent results. It is not easy to find other models that offer such a "total package" as Trophy in terms of robustness and comfort while hiking and hunting" said John Arne Tungen of Villmarksliv. Trophy has been recommended as a "Best Buy" by Villmarksliv since 2010. In 2019, it got this title again. Trophy is a handmade and very lightweight natural rubber boot, ideal for longer distances through the forest over trails and meadows because of the excellent fit. A waterproof, supple boot with excellent traction and abrasion resistance. The width adjustment on the calf with quick release allows for a custom fit. The lining is made of high-performance, quick-drying polyester. It offers very good flexibility in the boot shaft, as well as heel and toe reinforcement. The UGC outsole technology and three layers of rubber provide stability and durability. The boot is 100% waterproof, handmade, PVC-free and vegan.

- Natural rubber
- Perfect grip due to UGC® sole
- Quick drying lining
- Width adjustment on the shaft
- Moulded insole
- PVC-free
- Available in sizes EU 36 - 48
- RRP 109,95 €

## FALK NEO rubber boots

Whether autumn or winter, rubber boots are an indispensable must for the wet and cold seasons only you often do not find the right boots because they are either too cold or too warm. With the FALK NEO Viking Footwear puts an end to this problem! The hybrid rubber boot combines a "half shoe" made of three layers of natural rubber with a, in this inserted boot made of 5mm thick neoprene. While the lower part of rubber provides high abrasion resistance and protection against hard or pointed objects such as stones or branches, the neoprene boot provides maximum flexibility and ideal thermal insulation. The shock-absorbing EVA midsole protects against hard impacts while walking and the patented UGC® outsole guarantees the best grip on almost any surface. The boot is 100% waterproof, handmade, PVC-free and vegan.

- Natural rubber
- Perfect grip due to UGC® sole
- Quick drying lining
- Width adjustment on the shaft
- Moulded insole
- PVC-free
- Available in sizes EU 37 - 48
- RRP 129,95 €

**TROPHY V CAMO rubber boot**

Trophy Camo, Viking's best-selling rubber hunting boot, takes camouflage to the next level with an optimized print. Trophy Camo is made of Light Weight Rubber (LWR) with three layers in the foot, a steel shank in the sole and a reinforced toe cap for stability and durability. An adjustable width adjuster on the upper provides a custom fit. A durable and quick-drying polyester lining in the shaft/leg and canvas in the toe area adds stability. A molded EVA insole with cushioning in the heel makes long walks comfortable, and the insole is removable for easy drying. Trophy Camo features Viking's rugged UGC® sole for perfect grip and a camo print for the most demanding hunters in the roughest terrain. All Viking rubber boots are handcrafted from natural rubber. Fit: normal shaft and ankle, roomy foot area. Height: size 41: 410 mm, weight size 41: 2,350 g per pair. The boot is PVC free and vegan.

- Natural rubber
- Perfect grip due to UGC® sole
- Quick drying lining
- Width adjustment on the shaft
- Moulded insole
- PVC-free
- Available in sizes EU 37 - 48
- RRP 129,95 €

## ELK HUNTER LIGHT rubber boot

Whenever hunting takes you into damp, rough terrain, you'll be really glad to have this lightweight and easily stowable rubber hunting boot in your luggage. Like all Viking rubber boots, it's 100% waterproof and handcrafted from soft, flexible natural rubber. Plus, it features a molded insole and a supportive fit. It's easy to slip into thanks to a smooth, quick-drying lining. The special thing about this boot is the shaft made of Vikings Light Weight Rubber foldable and extremely light. Thanks to flexible material and loop for hanging, this boot is always easy to take with you. The supportive, ultra-light EVA midsole and rubber tread sole with Ultimate Grip Concept increase comfort and confidence when every step must sit.

- Natural rubber
- Perfect grip due to UGC® sole
- Lightweight rubber compound
- Quick drying lining
- Entry aid through strap
- PVC-free
- Available in sizes EU 37 - 47
- RRP 129,95 €
