## **Sightmark Unveils Wraith 4K Mini Digital Riflescope**

**(MANSFIELD, TEXAS)** – Sightmark is thrilled to announce the release of the Wraith 4k Mini 2-16x32 Digital Riflescope. This ultramodern scope blends Sightmark's commitment to superiority with cutting-edge technology to provide customers with the ultimate day-or-night shooting experience.

Boasting an incredible 4K (3840x2160) CMOS sensor, the Wraith 4K Mini detects objects up to 280 meters in the darkest of nights and displays them on a flawless 1280x720 FLCOS screen. Although extremely light and compact, the Wraith 4K Mini features big-time capabilities: Full-

color 4K digital daytime and high-resolution digital night vision imaging, 2-16x magnification, video recording capabilities with audio, 14 reticle options and more.

Whether you're big-game hunting or eliminating invasive species, the Wraith 4k Mini is the ideal 24-hour digital optic. Supremely durable, with a solid aluminum body, the Wraith 4K Mini is operational in temperatures ranging from 0 to 60C, shockproof for drops up to 2m., IPX6 water-resistant and capable of handling recoil up to .308 Winchester.

**Features:**

- 4K Digital Imaging
- 2-16x magnification, 8x digital zoom
- 280-meter night detection range
- Night vision mode
- Daytime color mode
- Built-in 4K video recording with audio capabilities
- 14 reticle options with 9 colors

**Included Accessories:**

- 850nm IR Illuminator
- Flip-up lens cover
- Focus throw lever
- Eyecup
- Fixed Picatinny mount
- User manual
