

PRESS RELEASE

Supra Defense is established as a manufacturer of high quality ammunition components such as unprimed brass cases and bullets, based in Kocaeli / Turkey.

We have a consistently increasing production capacity and the most technological production lines in the sector. We started to serve in order to offer sustainable ammunition components to all segments of the industry such as ammunition manufacturers, retailers and reloaders. Our goal is to bring quality products to the market at competitive prices.

Our product range is including but not limited with 9x19 mm Unprimed Brass Cases and 115/124 Grain FMJ Type Bullets. We have up to 6,000,000 pcs unprimed brass cases and 6,000,000 pcs 115/124 grain FMJ type bullet production capacity per month. We will add 5x56 mm Unprimed Brass Cases to our product range and increase our production capacity very soon.

All our products are compatible with S.A.A.M.I. and C.I.P. standards.
