

## YOUR SPECIAL FORCES IN SUPPLY CHAIN SOLUTIONS

The specialist team of SEKO GSD handle millions of rounds of ammunition, tons of explosives and many (sporting) gun shipments on a weekly basis by air, sea and land worldwide for our customers. With our specialized network and experienced team members we always find a compliant, safe and secure means of getting your product to its final destination. Due to our proven track record Airlines and Ocean carriers recognize SEKO GSD as a trustworthy shipping partner which results in shipping options that are not available for others.

## EXPORT COMPLIANCE DESK SERVICES

With our inhouse export compliance team we provide SME's with guidance and advise on shipping ITAR/EAR. Dual use. Weapons of war or any other materials that are subject to export and import controls. We check current databases for approved shippers and consignee's in order to further protect our customers from any penalties and liability concerning export control and embargos. Support in setting up an Internal Compliance Program (ICP) for SME's with our inhouse experts or providing daily support on a per shipment basis through our export compliance desk is to name a few of the services we provide.

Warehousing & distribution of small arms and ammunition.
Customs bonded bunker complex in the EU.
Secured collection and delivery of small arms and ammunition world wide.
ITAR Transit license experts and broker.
Inhouse export compliance desk.
World Wide network of

trusted vetted partners.
